Diagram 9 illustrates the step of attaching the backrest to the seat. A large arrow points down to the backrest panel, which is labeled with a circled '4'. The backrest is being moved into position behind the seat. Four arrows, each labeled 'F', indicate the force applied to the backrest panel to push it into the seat's frame.

10

Diagram 10 illustrates the step of attaching the front panel to the side panel. A large downward arrow indicates the direction of force. The front panel is being pushed into the side panel. Four screws, labeled 'F' and '4', are shown being inserted into the front panel to secure it to the side panel. A legend at the bottom left shows a screw labeled 'F'.

11

Diagram 11 illustrates the step of attaching the front panel (labeled 10) to the cabinet frame. The panel is shown being aligned with the frame. Two screws, labeled 'A' and 'AA', are shown being inserted into the panel to secure it to the frame. An arrow indicates the direction of assembly.

12

13

Diagram 13 illustrates the step of attaching the front panel to the side panel. The front panel is shown being aligned with the side panel, which has a pre-attached shelf. The front panel is secured to the side panel using two screws, labeled 'U', which are inserted into the front panel's pre-drilled holes. A separate inset shows a close-up of the screw 'U' being used for this step.
