CUIDADOS E MANUTENÇÃO

Bem-vindo

A Serpil traz até você soluções práticas de design com manuais de montagem e instalação detalhados para possibilitar o pleno aproveitamento do potencial dos produtos.

Para assegurar a garantia, é recomendada a prévia conferência de partes e componentes, bem como a leitura dos passos e suas ilustrações.

Preservar este documento é essencial para a adequada manutenção de seu móvel, o que engloba os possíveis ciclos de montagem e desmontagem.

Recomendações

Para a montagem deste produto, são necessárias 2 pessoas.

Os parafusos devem ser apertados periodicamente.

Evitar batidas e o contato com objetos cortantes.

Observar as cargas máximas suportáveis, quando houver, conforme o desenho esquemático no final do documento.

Partes do produto protegidas da incidência de luz estão sujeitas a alterações de tonalidade diferentemente das expostas. Somente o uso frequente pode amenizar esta ocorrência.

Algumas pinturas novas, embora atóxicas, podem apresentar odores. Para amenizá-los, mantenha o móvel em local arejado por aproximadamente três dias.

Manutenção e Limpeza

Pano levemente umedecido com água, seguido de pano seco.

*Nunca utilizar produtos químicos ou abrasivos.
