CUIDADOS E MANUTENÇÃO Após desembalar este produto, guarde a embalagem original caso seja necessário devolvê-lo por algum motivo.

- Certifique-se de que todos os acessórios e peças estejam presentes antes de iniciar a montagem.
- Nunca arraste ou empurre os produtos, pois isso pode danificar as juntas, comprometendo sua qualidade.
- Recomendamos enfaticamente que mantenha as crianças afastadas da sua área de trabalho.
- Recomendamos que coloque um cobertor ou lençol no chão para evitar danos tanto ao piso quanto ao produto.
- Instale este produto o mais próximo possível de sua posição final.
- Não coloque este produto sob luz solar direta.
- Não arraste ou empurre objetos sobre seus móveis de alto brilho, pois isso pode riscar a superfície.
- A madeira é um produto natural e pode expandir-se se exposto ao calor e contrair-se exposta ao calor.
- Portanto, recomenda-se manter a temperatura ambiente, sem flutuações bruscas de temperatura.
- Certifique-se de limpar imediatamente qualquer líquido derramado.
- Não coloque alimentos quentes ou frios diretamente sobre a superfície; use um jogo americano ou ficará com marcas.
- Para limpeza geral, use um pano macio de algodão ou microfibra e não utilize detergentes de nenhum tipo.
- Ocasionalmente, pode ser necessário apertar as conexões; inspeções regulares devem ser realizadas.
- Não coloque em piso molhado ou úmido, pois podem surgir manchas no chão.

Após a manutenção, utilize um produto/limpador à base de álcool apagar os números impresso nas peças que são visíveis.

Se as portas do seu armário não estiverem alinhadas quando fechadas, pode ser necessário ajustá-las. Isso pode ser feito da seguinte forma: afrouxe ligeiramente o parafuso "P".
Girando o parafuso "Q" no sentido horário ou anti-horário (para dentro ou para fora), você pode ajustar a dobradiça e alinhar a porta corretamente. Se precisar ajustar mais de uma dobradiça, faça uma de cada vez. Em caso de dúvida, procure ajuda profissional.
