The diagram illustrates the final assembly step of a wooden cabinet. The main structure consists of a base (01), two side panels (02), and a back panel (03). The front panel (01) is being attached to the base and side panels. Two inset diagrams provide details: the top-left inset shows a hinge (J) being installed on the side panel (02) to attach the front panel (01); the bottom-right inset shows a screw (C) being used to secure the front panel (01) to the side panel (02). Arrows indicate the direction of assembly and the placement of the components.

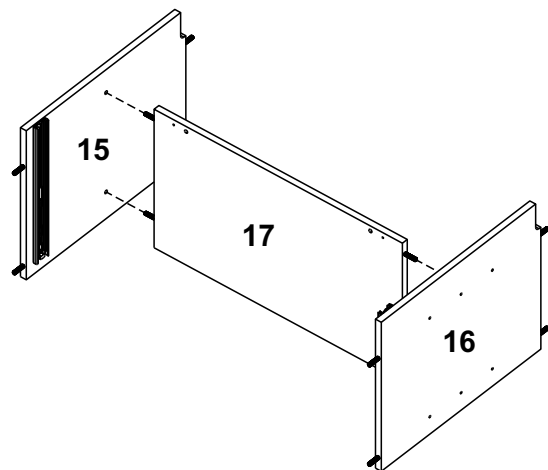

A 3D exploded view of the cabinet assembly. Component 02 is the top panel, 03 is the right side panel, 06 is the back panel, and 9 is the bottom panel. Dashed lines indicate the alignment and assembly points for the panels. The number 9 is also present in a black box at the bottom right of the image.
