Oba, cheguei!

Obrigado pela sua compra!

A Casatema está no mercado há mais de 11 anos e desde então trazemos as melhores soluções em móveis infantis.

Temos como princípio a autonomia e desenvolvimento das crianças. Tendo em mente que toda criança é única e ajudar nesse processo é muito importante. Por isso adotamos o método Montessoriano como um dos pilares em nossos projetos.

O Método foi desenvolvido por uma médica pedagoga chamada Maria Montessori, que valoriza a individualidade de cada criança, pensando em sua forma de ver o mundo. É versátil e alcança todos os campos da infância, desde a educação até o planejamento do quarto. Por isso, toda mobília Montessoriano é pensada para se adequar ao tamanho das crianças, possibilitando o seu acesso a todos os elementos e funcionalidades.

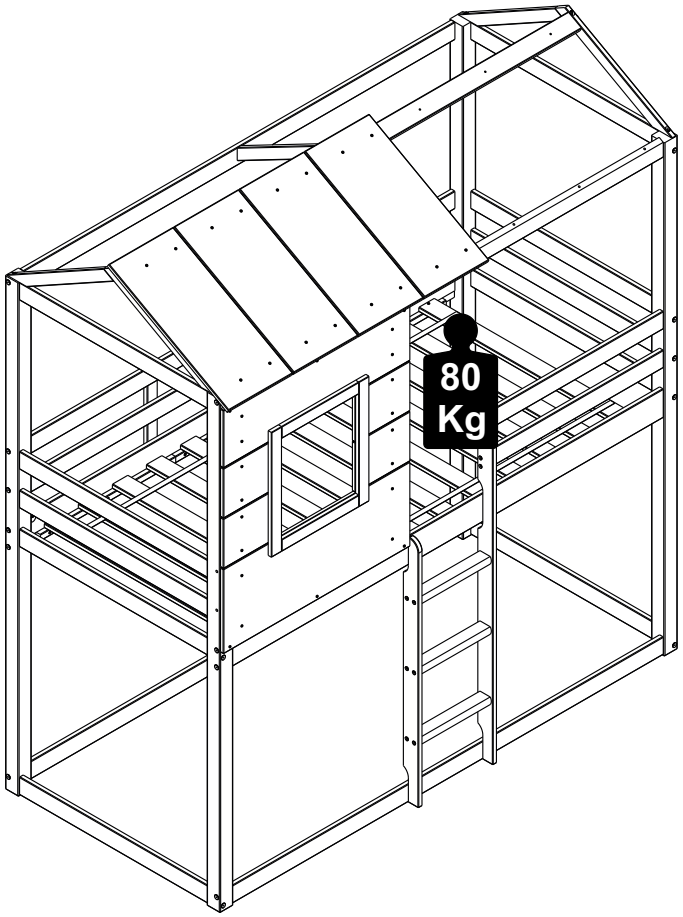

Para ler mais sobre o método Montessori e nossos produtos para o universo infanto juvenil, acesse nosso site e nos siga nas redes sociais, assim você vai ficar por dentro de todo o conteúdo e novidades que trazemos sobre o tema!
