We hold with high regard your decision to acquire our products and we make it our job to deliver the highest quality and the best furniture solutions to your home. In the unlikely event you notice any damage or parts missing, please, contact our customer service at sales@yes4wood.com. We will promptly arrange shipment of replacement.

Before assembly, be sure to read the following instructions carefully

Your new YES4WOOD furniture is easily assembled. Below you will find our step-by-step suggestions to guide you through assembly in the most effective and careful way.

- Do not get rid of any packing material until the assembly is finished.
- Make sure that the surface on which you will assemble the product is soft in order not to scratch the finish or cause any indentations.
- Separate and place, if possible, all product's assembly hardware in a plastic tube to facilitate identification and count them all to make sure you have received all items.
- Look each wooden part closely to certify yourself that there are no scratches or any unlikely flaws or damages due to shipping or manufacturing. In the event you notice any problem, please contact us at sales@yes4wood.com, so we can promptly ship any replacement parts or hardware needed.
- You have acquired a solid 100% reforested pinewood furniture which may present natural features such as color variations, knots, and minor cracks, due to the natural grain of the wood. Those features are expected and actually are the beauty of a real solid wood furniture.

Our suggestions for taking good care of your new YES4WOOD furniture

- Try not to place your wooden furniture in direct sun light to avoid or minimize damage due to UV rays.
- Try not to place your wooden furniture too close to any heat source such as household heaters.
- Always use a slightly water- wet cloth or furniture polish to clean your wooden furniture. Do not use any alcohol based product in cleaning.

Now you are ready for assembly!

Have fun and enjoy your new YES4WOOD furniture!

SAFETY INSTRUCTIONS AND WARNINGS

- Read the information on the warning labels you find on the upper bunk bed headboard and on the carton. Do not remove warning labels from the product.
- Make sure to use the recommended size mattress support in order to prevent falls or entrapment. DO NOT use flotation mattress on your bunk bed. The use of flotation mattress is prohibited.
- Make sure that the upper surface of the mattress does not exceed 5 " above the upper edge guardrails.
- DO NOT use the bunk bed without having the guardrails fixed on both long sides of the bed. Even if the bunk bed is to be placed against the wall, both guardrails have to be used, placed running the full length of both sides of the bed to prevent any entrapment between the bed and the wall.
- Never attach or hang items such as hooks, belts, jump ropes or the like, to any part of the bunk bed which is not designed for use with the bed. RISK OF STRANGULATION.
- Always use the ladder to ascend and descend the upper bunk bed.
- Check, every now and then, if all components are adjusted, and free of damage, making sure that the ladder and guardrails are in position and tightly fixed.
- DO NOT use substitute parts. In the event of needing any replacement of parts, contact our customer service to get instructions on how to proceed. (see instructions below *)
- DO NOT let children under 6 years of age to use the upper bunk.
- DO NOT allow more than one person on the upper bunk.
- DO NOT allow jumping or rough playing on the upper bunk or underneath it.
- Before starting assembly, organize all hardware and components taking them out of the box, inspecting if all parts are free of unlikely damage and that there are no missing parts and/or components.
- DO NOT dispose of these instructions. Keep them for future reference.
