

STAAL AÇO DESIGN

MANUAL
CAMA FLUTUANTE

STAAL AÇO DESIGN

* PARAFUSOS PINTADOS

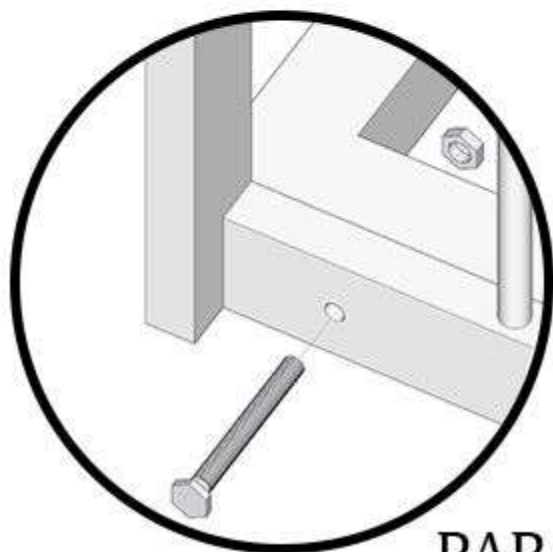

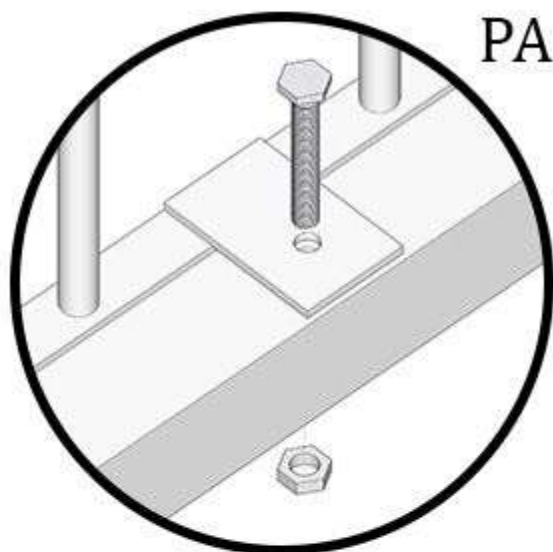

* Apertar o parafuso pela **porca** , para evitar o desgaste da pintura da cabeça do parafuso.

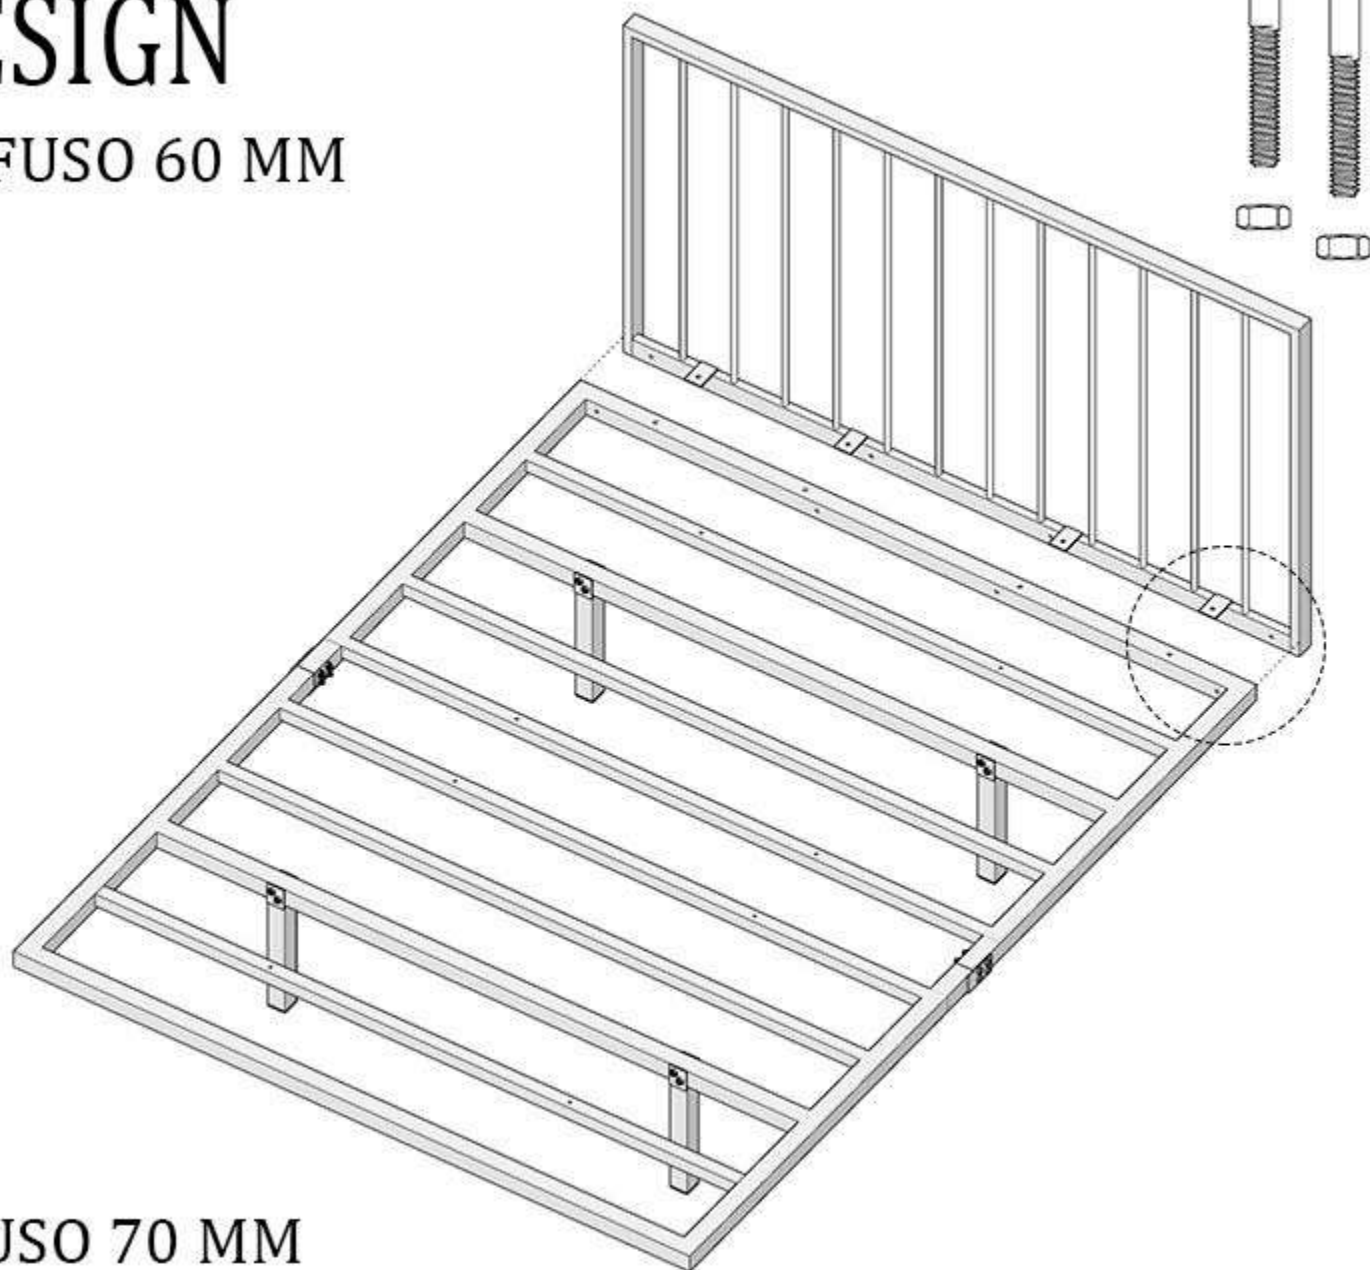

1 - Em um espaço forrado, conectar o estrado com os parafusos e porca.

STAAL AÇO DESIGN

PARAFUSO 60 MM

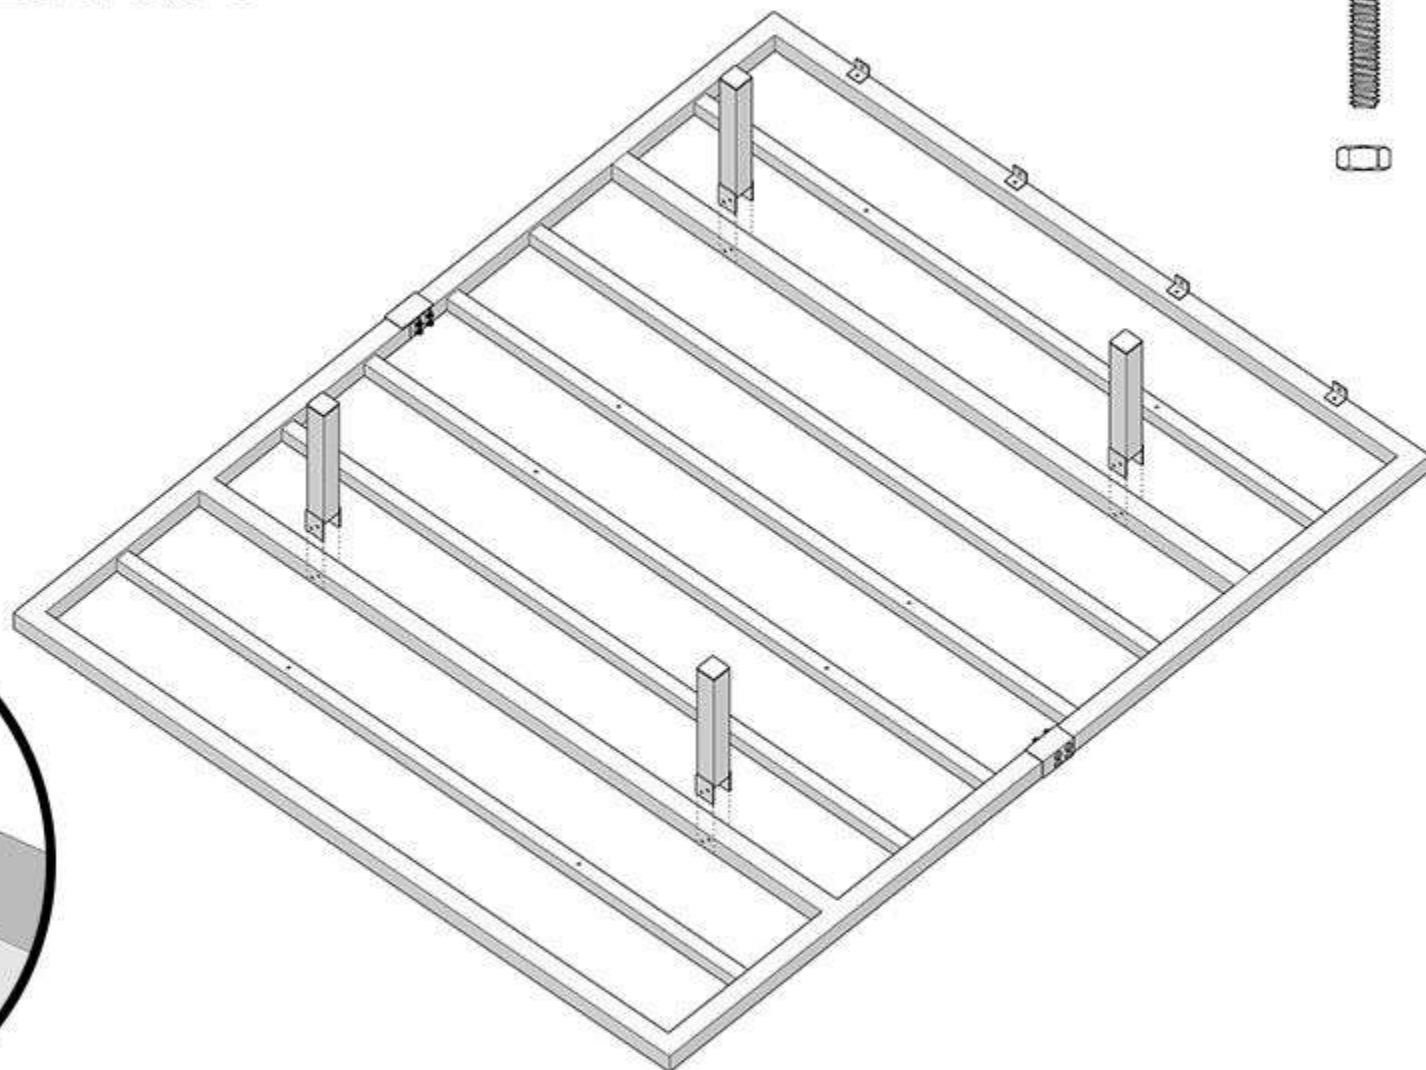

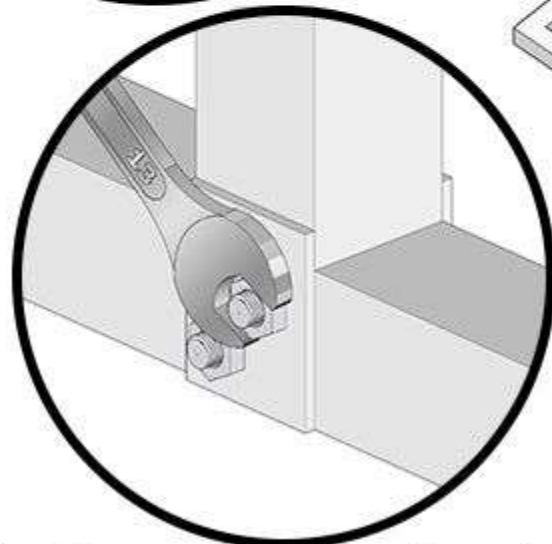

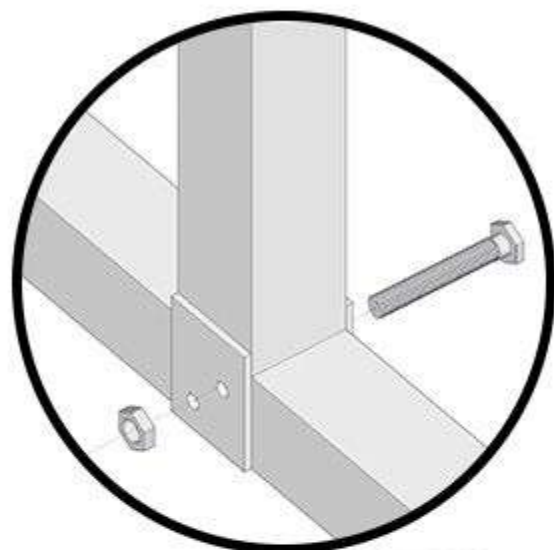

PARAFUSO 70 MM

3 - Fixar a cabeceira com o parafuso e porca de 60 mm e 70 mm

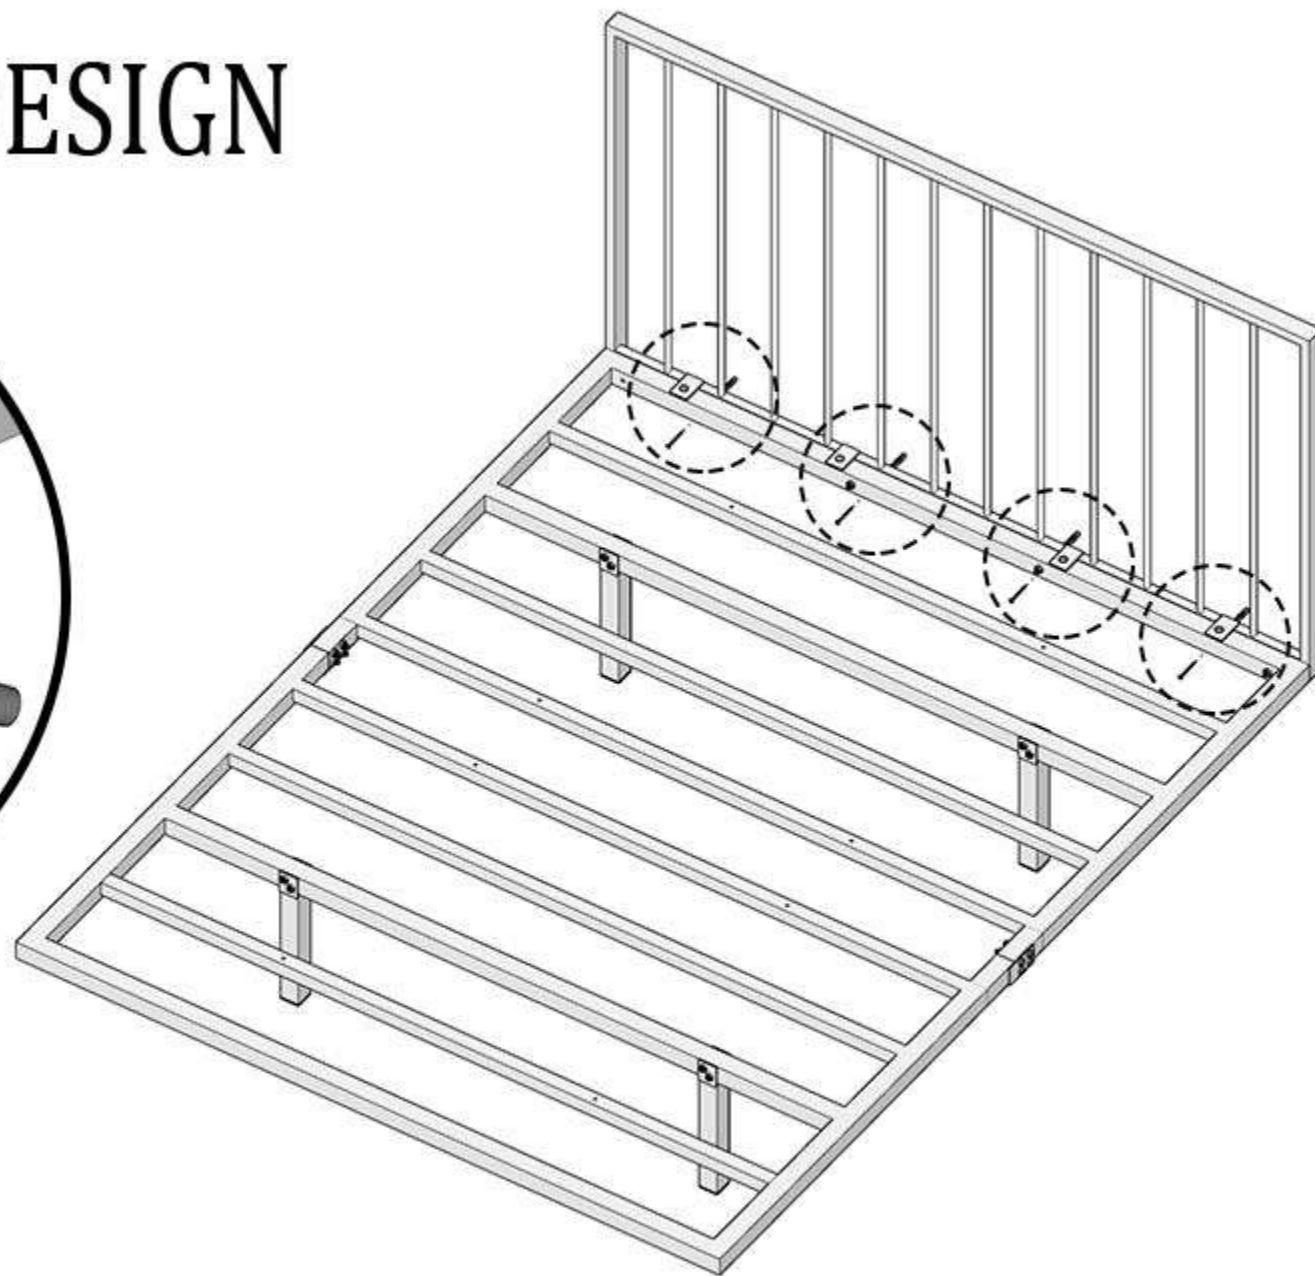

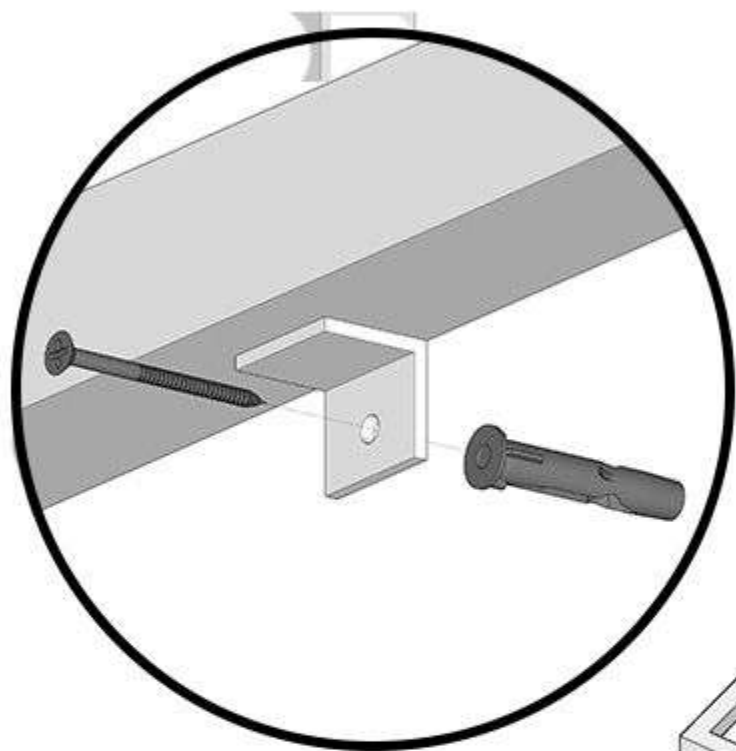

STAAL AÇO DESIGN

2 - Com o estrado virado para baixo, conecte os pés metálicos.

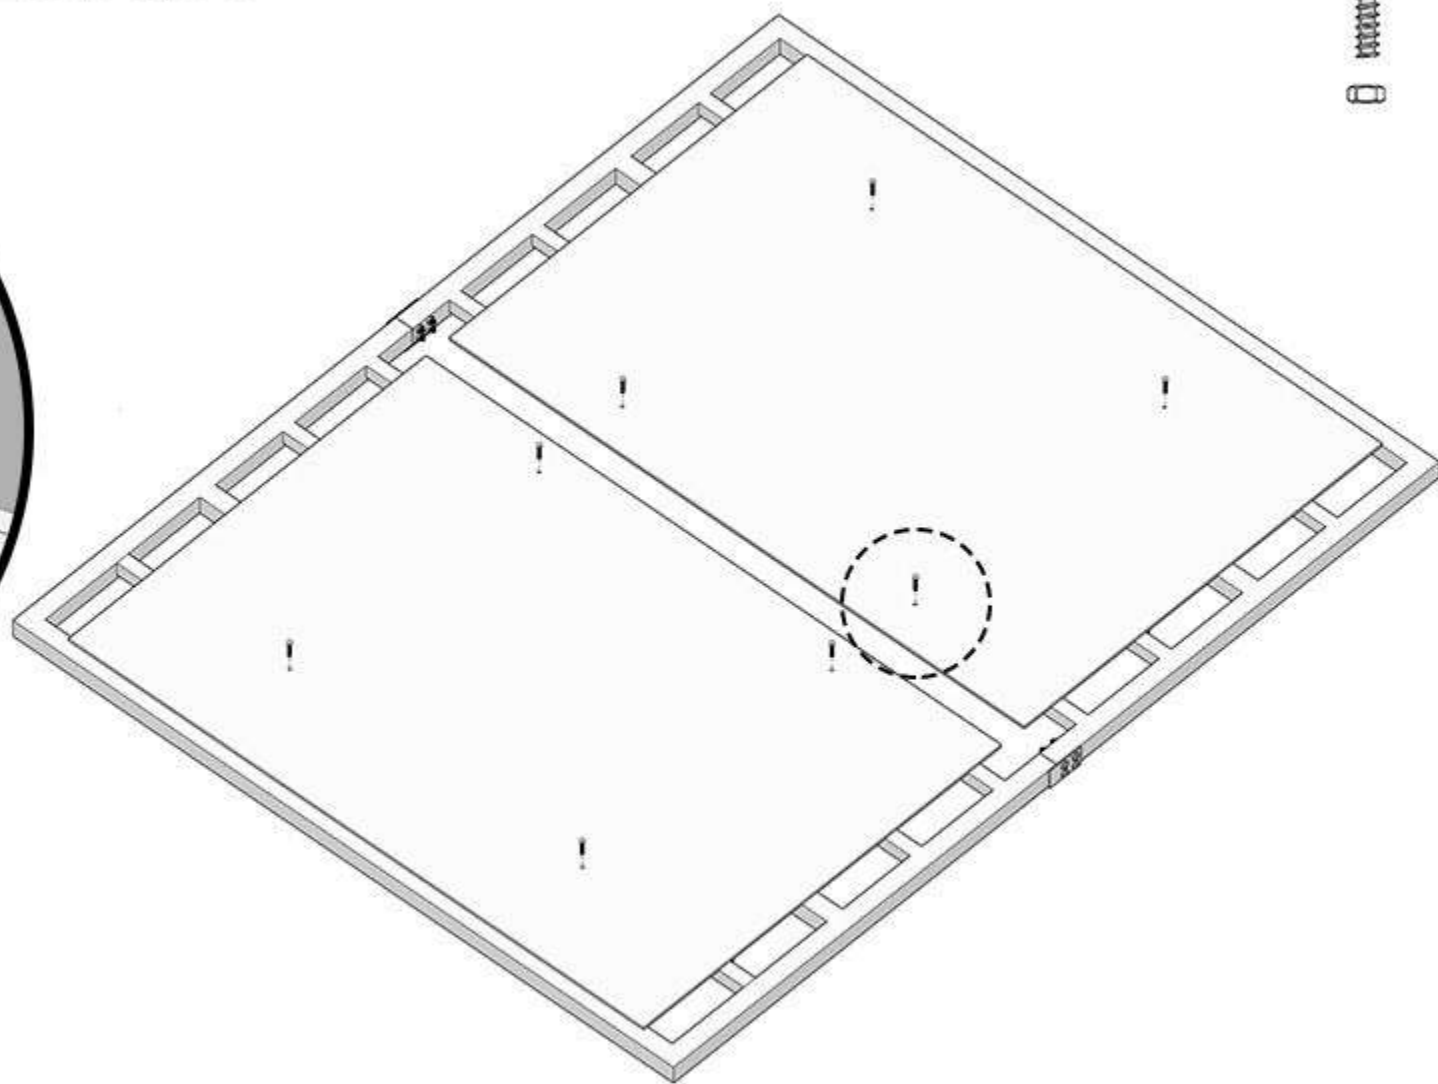

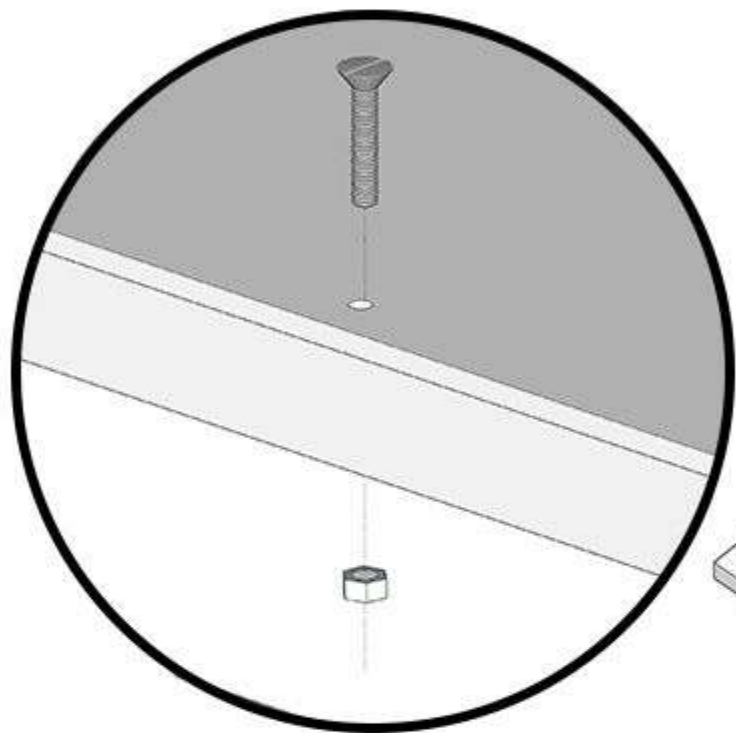

Nesta etapa, se tiver o sistema LED, utilizar o manual de instalação do sistema LED.

STAAL AÇO DESIGN

4 - Posicionar a cama no ambiente e fazer a fixação na parede (recomendado).
